

[illegible]

This section contains the first three staves of a musical score. The top staff features a complex, dense pattern of notes, primarily eighth and sixteenth notes, with many beamed together. The middle staff contains a series of horizontal lines, suggesting a sustained or repeated note, with some vertical lines indicating specific time points. The bottom staff shows a series of horizontal lines, similar to the middle staff, with some vertical lines indicating specific time points.

This staff contains a single horizontal line, indicating a sustained or repeated note, with a vertical line indicating a specific time point.

This staff contains a single horizontal line, indicating a sustained or repeated note, with a vertical line indicating a specific time point.

This staff contains a single horizontal line, indicating a sustained or repeated note, with a vertical line indicating a specific time point.

This staff contains a single horizontal line, indicating a sustained or repeated note, with a vertical line indicating a specific time point.

This staff contains a single horizontal line, indicating a sustained or repeated note, with a vertical line indicating a specific time point.

This staff contains a single horizontal line, indicating a sustained or repeated note, with a vertical line indicating a specific time point.

This staff contains a single horizontal line, indicating a sustained or repeated note, with a vertical line indicating a specific time point.

This staff contains a single horizontal line, indicating a sustained or repeated note, with a vertical line indicating a specific time point.

The first three staves of the musical score contain complex notation. The top staff features a series of rapid, slanted eighth-note patterns. The middle staff contains a sequence of chords and single notes, some with slanted stems. The bottom staff shows a more rhythmic pattern with horizontal lines and occasional notes. The notation is dense and spans the entire width of the page.

The fourth staff of the musical score consists of a single line with several measures. Each measure contains a whole rest, indicating that the instrument is silent for those durations.

The fifth staff of the musical score is similar to the fourth, featuring a single line with measures containing whole rests.

The sixth staff of the musical score continues the pattern of whole rests across several measures.

The seventh staff of the musical score is more active than the previous ones. It begins with a series of slanted eighth notes, followed by a measure with a whole rest. The staff concludes with a series of horizontal lines, possibly indicating a final rest or a specific musical instruction.
